Hello, Nick! I would advise you to go to Moscow and I will try to explain why.

Well first of all it's capital of our country so to know your country better you should visit capital. Second reason is museums, they would really good to see and not just that's but also all historical places. Just imagine famous people here and now you also here! And if you like history at least a bit you will like all of these places! And very last reason to go here is views. They will be amazing. And if you ask why I shouldn't go to Sochi. Answer will be that's Sochi had many rains and it's very dirty this and even last year!

I mean last choice is up to you and it's just mine advise. Either way have a good luck there!

The world in 2150 year will be interesting and wonderful. In Russia we will have a lot of things, but ~~know~~ we don't know this things. I think, you will like this place. Let's I say you what we will have in 2150 year.

Well, in 2150 year Russian people a lot of travel in such place. for example, my parents often visit my grandparents in Moscow. There is beautiful nature with green ~~the~~ parks and colors flowers. My friends travel to London, Paris, Chicago. So, we like travelling. How we eat in 2150? It will be very tasty. We will not eat fast and junk food. We will drink a lot of water, eat only healthy food, like green and red apples, bananas, oranges, meat, fish. We will spend free time at the street, parks or sport activities. for example, I will usually go with my friends to park and run. 163 We love sport. My friend will go to football and volleyball teams. It's so cool! But, of course we will go to school. It's not fine, but it's really important. My parents go to work every day without holidays, but students have three week to holidays. Often in this time children go to black sea and swimming in the sea. It's really cool activity.

So ~~and~~ I really want to meet with you in 2150 year. We will do something interesting and ~~and~~ relaxing things. It will be so fine!
